POUR L'AUTONOMISATION
DES FEMMES

C. 1 in 3

1 in 3 women will experience Economic Abuse in their lifetime — a silent form of control that limits financial freedom and independence.

What percentage of social service providers say there's a lack of resources and systems to support survivors of Economic Abuse?

A. 54%

B. 74%

C. 91%

B. 74%

74% of service providers say survivors don't have enough access to resources or support systems. Survivors deserve better — stronger safety nets, training, and survivor-centred policies.

What percentage of survivors have debt built up under their name because of Economic Abuse?

A. 62%

B. 70%

C. 84%

C. 84%

84% of victims carry debt forced upon them by an abuser — often through coerced loans or credit manipulation. This debt can follow survivors for years, preventing housing stability and financial recovery.

**Together, we can open
doors to safety and
financial freedom.**
